Rule 45.16.5 **Employee Testing for Tuberculosis**

4. Any employee noted to have a newly positive IGRA, a newly positive Mantoux skin test or signs/symptoms indicative of tuberculin disease (TB)

that last longer than three weeks (regardless of the size of the skin test or results of the IGRA), shall have a chest x-ray interpreted by a board certified Radiologist and be evaluated for active tuberculosis by a licensed physician within 72 hours. The employee shall not be allowed to work in any area where residents have routine access until evaluated by a physician/nurse practitioner/physician assistant and approved to return. Exceptions to this requirement may be made if the employee is asymptomatic and;

8. All staff noted as negative per the IGRA blood test or who do not have a significant Mantoux tuberculin skin test reaction (reaction of less than 5 millimeters in size) shall be retested annually within thirty (30) days of the anniversary of their last IGRA or Mantoux tuberculin skin test. Staff exposed to an active infectious case of tuberculosis between annual tuberculin skin tests shall be treated as contacts and be managed appropriately. Individuals found to have a significant Mantoux tuberculin skin test reaction and a chest x-ray not suggestive of active tuberculosis, shall be evaluated by a physician or nurse practitioner/physician assistant for treatment of latent tuberculin infection.

Subchapter 17 RESIDENTS RIGHTS

Rule 45.17.2 **Residents' Rights.** The residents' rights policies and procedures ensure that each resident admitted to the facility:

3. is assured of adequate and appropriate medical care, is fully informed by a physician or nurse practitioner/physician assistant of his medical conditions unless medically contraindicated (as documented by a physician or nurse practitioner/physician assistant in his medical record), is afforded the opportunity to participate in the planning of his medical treatment, to not be limited in his/her choice of a pharmacy or pharmacist provider in accordance with state law, as referenced in House Bill 1439, which states that the facility shall not limit a resident's choice of pharmacy or pharmacy provider if that provider meets the same standards of dispensing guidelines required of long term care facilities, to refuse to participate in experimental research, and to

refuse medication and treatment after fully informed of and understanding the consequences of such action;

8. is free from restraint except by order of a physician or nurse practitioner/physician assistant, or unless it is determined that the resident is a threat to himself or to others. Physical and chemical restraints shall be used for medical conditions that warrant the use of a restraint. Restraint is not to be used for discipline or staff convenience. The facility must have policies and procedures addressing the use and monitoring of restraint. A physician order for restraint must be countersigned within 24 hours of the emergency application of the restraint;
12. may associate and communicate privately with persons of his choice, may join with other residents or individuals within or outside of the facility to work for improvements in resident care, and send and receive his personal mail unopened, unless medically contraindicated (as documented by his physician or nurse practitioner/physician assistant in his medical record);
13. may meet with, and participate in activities of, social, religious and community groups at his discretion, unless medically contraindicated (as documented by his physician or nurse practitioner/physician assistant in his medical record);
14. may retain and use his personal clothing and possessions as space permits, unless to do so would infringe upon rights of other residents, unless medically contraindicated (as documented by his physician or nurse practitioner/physician assistant in his medical record);
15. if married, is assured privacy for visits by his/her spouse; if both are inpatients in the facility, they are permitted to share a room, unless medically contraindicated (as documented by the attending physician or nurse practitioner/physician assistant in the medical record); and

Rule 45.17.2 **Residents' Rights.** The residents' rights policies and procedures ensure that each resident admitted to the facility:

3. is assured of adequate and appropriate medical care, is fully informed by a physician or nurse practitioner/physician assistant of his medical conditions unless medically contraindicated (as documented by a physician or nurse practitioner/physician assistant in his medical record), is afforded the opportunity to participate in the planning of his medical treatment, to not be limited in his/her choice of a pharmacy or pharmacist provider in accordance with state law, as referenced in House Bill 1439, which states that the facility shall not limit a resident's choice of pharmacy or pharmacy provider if that provider meets the same standards of dispensing guidelines required of long term care facilities, to refuse to participate in experimental research, and to refuse medication and treatment after fully informed of and understanding the consequences of such action;
8. is free from restraint except by order of a physician or nurse practitioner/physician assistant, or unless it is determined that the resident is a threat to himself or to others. Physical and chemical restraints shall be used for medical conditions that warrant the use of a restraint. Restraint is not to be used for discipline or staff convenience. The facility must have policies and procedures addressing the use and monitoring of restraint. A physician order for restraint must be countersigned within 24 hours of the emergency application of the restraint;
12. may associate and communicate privately with persons of his choice, may join with other residents or individuals within or outside of the facility to work for improvements in resident care, and send and receive his personal mail unopened, unless medically contraindicated (as documented by his physician or nurse practitioner/physician assistant in his medical record);
13. may meet with, and participate in activities of, social, religious and community groups at his discretion, unless medically contraindicated (as documented by his physician or nurse practitioner/physician assistant in his medical record);
14. may retain and use his personal clothing and possessions as space permits, unless to do so would infringe upon rights of other residents, unless medically contraindicated (as documented by his physician or nurse practitioner/physician assistant in his medical record);

15. if married, is assured privacy for visits by his/her spouse; if both are inpatients in the facility, they are permitted to share a room, unless medically contraindicated (as documented by the attending physician or nurse practitioner/physician assistant in the medical record); and
